

Material Safety Data Sheet

CS: 1.5.27

Page: 1 of 3

Infosafe No™ LQ09R	Issue Date : August 2011	ISSUED by PIMPMYPA
--------------------	--------------------------	--------------------

Product Name **SUPER FOAM SOLUTION**

Not classified as hazardous

1. IDENTIFICATION OF THE MATERIAL AND SUPPLIER

Product Name	SUPER FOAM SOLUTION
Company Name	Pimp My Party Hire (Foam Party Machines Australia)
Address	141 Musgrave St. Rockhampton QLD 4701 Australia
Emergency Tel.	0749272496
Telephone/Fax Number	Tel: 0749272496
Recommended Use	Foam solution for party use.

2. HAZARDS IDENTIFICATION

Hazard Classification	Not classified as hazardous NON-HAZARDOUS SUBSTANCE. NON-DANGEROUS GOODS. Hazard classification according to the criteria of NOHSC. Dangerous goods classification according to the Australia Dangerous Goods Code.
-----------------------	---

3. COMPOSITION/INFORMATION ON INGREDIENTS

Ingredients	Name	CAS	Proportion
	Ingredients determined not to be hazardous, including water.		100 %

4. FIRST AID MEASURES

Inhalation	No adverse effects expected
Ingestion	Do not induce vomiting. Wash out mouth thoroughly with water. If symptoms develop seek medical attention.
Skin	If irritation occurs, wash affected area thoroughly with soap and water. If symptoms develop seek medical attention.
Eye	If in eyes, hold eyelids apart and flush the eyes continuously with running water. Continue flushing for several minutes until all contaminants are washed out completely. If symptoms develop and persist seek medical attention.
First Aid Facilities	Eyewash and normal washroom facilities.
Advice to Doctor	Treat symptomatically.

5. FIRE FIGHTING MEASURES

Suitable Extinguishing Media	Use appropriate fire extinguisher for surrounding environment.
Hazards from Combustion Products	Non-combustible material.
Specific Hazards	This product is non combustible. However, following evaporation of aqueous component under fire conditions, the non-aqueous component may decompose and/or burn.
Precautions in connection with Fire	Fire fighters should wear Self-Contained Breathing Apparatus (SCBA) operated in positive pressure mode and full protective clothing to prevent exposure to vapours or fumes.

6. ACCIDENTAL RELEASE MEASURES

Emergency Procedures	Large spillage: Increase ventilation. If possible contain the spill. Collect the material and place into a suitable labelled container. Can dilute material with water if needed to clean large spillage. Dispose of waste according to the applicable local and national regulations. If large volumes enter sewers or waterways inform the local water and waste management authorities in accordance with local regulations.
----------------------	---

--------------------	--------------------------	--------------------

Product Name **SUPER FOAM SOLUTION**

Not classified as hazardous

7. HANDLING AND STORAGE

Precautions for Safe Handling	Industrial application: Keep containers closed when not in use. Maintain high standards of personal hygiene i.e. Washing hands prior to eating, drinking, smoking or using toilet facilities.
Conditions for Safe Storage	Industrial application: Store in a cool, dry, well-ventilated area, out of direct sunlight. Store in suitable, labelled containers. Keep containers closed when not in use. Reference should also be made to all Local, State and Federal regulations.

8. EXPOSURE CONTROLS/PERSONAL PROTECTION

National Exposure Standards	No exposure value assigned for this specific material by the National Occupational Health and Safety Commission (NOHSC), Australia.
Biological Limit Values	Not available
Engineering Controls	Industrial application: Use with good general ventilation. If mists or vapours are produced, local exhaust ventilation should be used.
Respiratory Protection	Not generally required.
Eye Protection	Industrial application: Safety glasses with side shields or chemical goggles recommended when handling large quantities. Final choice of appropriate eye/face protection will vary according to individual circumstances. Eye protection devices should conform with Australian/New Zealand Standard AS/NZS 1337 - Eye Protectors for Industrial Applications.
Hand Protection	Industrial application: Gloves of impervious material such as rubber recommended. Final choice of appropriate gloves will vary according to individual circumstances i.e. methods of handling or according to risk assessments undertaken. Reference should be made to AS/NZS 2161.1: Occupational protective gloves - Selection, use and maintenance.
Body Protection	Industrial application: Suitable protective clothing e.g. cotton overalls buttoned at neck and wrist recommended.

9. PHYSICAL AND CHEMICAL PROPERTIES

Appearance	Coloured liquid
Odour	Strawberry fragrance
Melting Point	Not available
Boiling Point	Not available
Solubility in Water	Soluble
pH Value	Neutral (approximate)
Vapour Pressure	Not available
Vapour Density (Air=1)	Not available
Flash Point	Not applicable
Flammability	Non-combustible liquid
Auto-Ignition Temperature	Not available
Flammable Limits - Lower	Not applicable
Flammable Limits - Upper	Not applicable

10. STABILITY AND REACTIVITY

Chemical Stability	Stable under normal conditions of storage and handling.
Conditions to Avoid	Extremes of temperature
Incompatible Materials	Not available

Infosafe No™ LQ09R	Issue Date : August 2011	ISSUED by PIMPMYPA
--------------------	--------------------------	--------------------

Product Name **SUPER FOAM SOLUTION**

Not classified as hazardous

Hazardous Decomposition Products	Thermal decomposition may result in the release of toxic and/or irritating fumes and gases.
---	---

Hazardous Polymerization	Will not occur.
---------------------------------	-----------------

11. TOXICOLOGICAL INFORMATION

Toxicology Information	No toxicity data available available for this product.
-------------------------------	--

Inhalation	No adverse effects expected
-------------------	-----------------------------

Ingestion	Ingestion of large amounts of this product may irritate the gastric tract causing nausea and vomiting.
------------------	--

Skin	May be irritating to sensitive individuals. The symptoms may include redness, itching and swelling.
-------------	---

Eye	May be irritating on contact with eyes. The symptoms may include redness, itching and tearing.
------------	--

12. ECOLOGICAL INFORMATION

Ecotoxicity	Not available
--------------------	---------------

Persistence / Degradability	This product is readily biodegradable.
------------------------------------	--

Mobility	Not available
-----------------	---------------

Environ. Protection	Prevent large quantities of this material entering the environment.
----------------------------	---

13. DISPOSAL CONSIDERATIONS

Disposal Considerations	The disposal of spilled or waste material must be done in accordance with applicable local and national regulations.
--------------------------------	--

14. TRANSPORT INFORMATION

Transport Information	Not classified as Dangerous Goods according to the Australian Code for the Transport of Dangerous Goods by Road and Rail. (7th edition)
------------------------------	---

15. REGULATORY INFORMATION

Regulatory Information	Not classified as Hazardous according to criteria of National Occupational Health & Safety Commission (NOHSC), Australia.
-------------------------------	---

	Not classified as a Scheduled Poison according to the Standard for the Uniform Scheduling of Medicines and Poisons (SUSMP).
--	---

Poisons Schedule	Not Scheduled
-------------------------	---------------

16. OTHER INFORMATION

Date of preparation or last revision of MSDS	MSDS Created: August 2011
